FOREWORD

Public Law 93-400 requires that the Office of Federal Procurement Policy (OFPP), Office of Management and Budget, "... establish a system for collecting, developing, and disseminating procurement data which takes into account the needs of the Congress, the executive branch, and the private sector." Under the aegis and guidance of OFPP, design of the Federal Procurement Data System was completed in early 1978 and data collection began on October 1, 1978. At the same time, a Federal Procurement Data Center was established to operate the system, providing a central point to respond to the requirements of the legislative, executive, and judicial branches, and private sector.

For the first time, departments and agencies of the executive branch are reporting uniform acquisition information to a central point which can produce data on all or any part of executive branch acquisitions. The data can be used for geographical analysis, market analysis, and as indicators of congressional and presidential initiatives in a number of socio-economic areas such as small business, minority business enterprises, and other disadvantaged business. The data also should be useful as a reliable basis for measuring and assessing the impact of Federal acquisition policy, and for management improvement.

Basic acquisition data will be published for each quarter of the fiscal year in the Quarterly Report of Federal Contract Awards. In addition, Special Analyses will be published each quarter to meet special information needs.

Further information regarding the Federal Procurement Data System reports or capabilities is obtainable from the Federal Procurement Data Center, 4040 N. Fairfax Drive, Suite 900, Arlington, VA 22203 or by calling area code (703) 235-1326.

BLANK PAGE

NOTE:

All dollar amounts reflect contract actions that were taken during the quarter. A minus amount may occur whenever there are deobligations of funds from contracts that were previously awarded, and those deobligations exceed the total of contract actions taken in the current quarter.

FEDERAL PROCUREMENT DATA SYSTEM

QUARTERLY REPORT

OF

FEDERAL CONTRACT AWARDS

THIRD QUARTER FISCAL YEAR 1982
(APRIL 1, 1982 THROUGH JUNE 30, 1982)

PUBLICATION RELEASE DATE: OCTOBER 15, 1982

PREPARED BY
FEDERAL PROCUREMENT DATA CENTER

EXECUTIVE AGENT FOR
OFFICE OF FEDERAL PROCUREMENT POLICY
OFFICE OF MANAGEMENT AND BUDGET

Pr Ex 2.24:

FOREWORD

Public Law 93-400 requires that the Office of Federal Procurement Policy (OFPP), Office of Management and Budget, "... establish a system for collecting, developing, and disseminating procurement data which takes into account the needs of the Congress, the executive branch, and the private sector." Under the aegis and guidance of OFPP, design of the Federal Procurement Data System was completed in early 1978 and data collection began on October 1, 1978. At the same time, a Federal Procurement Data Center was established to operate the system, providing a central point to respond to the requirements of the legislative, executive, and judicial branches, and private sector.

For the first time, departments and agencies of the executive branch are reporting uniform acquisition information to a central point which can produce data on all or any part of executive branch acquisitions. The data can be used for geographical analysis, market analysis, and as indicators of congressional and presidential initiatives in a number of socio-economic areas such as small business, minority business enterprises, and other disadvantaged business. The data also should be useful as a reliable basis for measuring and assessing the impact of Federal acquisition policy, and for management improvement.

Basic acquisition data will be published for each quarter of the fiscal year in the Quarterly Report of Federal Contract Awards. In addition, Special Analyses will be published each quarter to meet special information needs.

Further information regarding the Federal Procurement Data System reports or capabilities is obtainable from the Federal Procurement Data Center, 4040 N. Fairfax Drive, Suite 900, Arlington, VA 22203 or by calling area code (703) 235-1326.
